Dear Desiree Luethy ,

I am pleased to inform you that the board during its last meeting approved your program's application for accreditation. The term of this accreditation is for six years running through June 30, 2025. Prior to the end of this six year period the program must complete an accreditation review by continuing compliance with all IISAB criteria and must document the program's compliance with said criteria and its focus on student achievement.

The approval of your accreditation status entitles you to use the following phrase on transcripts or in programs advertising: **Full Accreditation. Approved by the International Independent Study Accreditation Board.**

Again welcome to the IISAB family. We believe that IISAB can support you in adding value to the education of the students you serve. Please contact us if we can be of further assistance.

Sincerely,

Norman Greenfield
Director
